

ANNUAL REPORT 2018

Caritas Japan
カリタス ジャパン

GREETING

I want to give heartfelt thanks to all of you who provide such generous support for the activities of Caritas Japan. I am sending you our annual report so that you might know how your support becomes service.

Pope Francis has called for the Church to be the embodiment of God's love in the world today. Despite all the advances in science, we cannot produce true life. Life is a gift from God, and that is why we must live together and assist one another without being proud before God. Let us listen to each other's heartfelt cries, support one another and continue working to create a world full of love.

For more than a year, Caritas International has conducted a global campaign to support refugees and migrants. The many people who have been forced to leave their home countries have different backgrounds and stories, but by listening to their stories, we can support each other and protect each other's human dignity. The international campaign calling for the creation of "a culture of encounter" is known in Japan as the Haijo ZERO (zero exclusion) Campaign and seeks to create a world where no one is excluded. For the past year Caritas Japan has been engaged nationwide in activities related to this campaign.

Eight years after the March 11, 2011, Great East Japan earthquake and tsunami, reconstruction activities remain a priority for Caritas Japan. In addition, support activities continue for victims of natural disasters and regional conflicts, especially women and children who are particularly vulnerable all over the world.

Caritas Japan's activities go beyond providing financial support to those facing such difficulties. Caritas Japan is also engaged in a wide range of awareness raising activities in Japan in order to build a loving world.

In the face of the various realities of the world, Caritas Japan desires to unite all persons who are willing to share with one another the gift of life.

Let's walk together to build the world God desires, a world without exclusion, a world where no one is left out.

**Isao Kikuchi, Archbishop of Tokyo
President, Caritas Japan**

OUR FUNDS

Caritas Japan depends solely on donations from individual donors in Japan and does not receive any public funds or government subsidies. These donations are made either by direct contribution from individual donors or through special collections organized by dioceses, parishes and other institutions.
