

A PRAYER TO FOSTER A CULTURE OF CARE
Promoting the "Together We" Campaign

O God our Father,
You made everything to be good.

You have made us in your image
And share with us the mission to cherish your work of creation.

God, the earth is our common home.
Have mercy on us for harming it.

May we foster a culture of care with you.

Through the poverty of your Son Jesus,
May we find true riches by sharing the gift of creation.

May your love enable humanity to overcome all that divides us.
Make us one family.

Father, send the Holy Spirit.
Strengthen us with the fire of love so that we may not be indifferent.

By Your Love and Justice
Move us toward a new solidarity.

Understanding that all life is holy,
May we be led by you to a new life of peace free from oppression.

May we who walk the path of your love and mercy
hear the cry of the poor and the cry of the earth
and act today to build a better tomorrow.

We make this prayer through Jesus Christ, our Lord.
Amen.
